

Credit Recovery - Make Up Courses

A diagnostic driven credit recovery course is designed to give an expanded opportunity for students who did not succeed the first time in the course. Students are given the opportunity in each learning unit to demonstrate their knowledge in that area of study. If they demonstrate competency in their unit assessment they will be presented with the following unit. If they do not demonstrate competency then they are required to do the entire unit.

Requirement: For a student to take a credit recovery course, they must have already taken the class unsuccessfully and have the appropriate seat time.
