

## Online Courses for High School Students

1-888-972-6237

### GED

#### Course Description:

The GED: Key to Success course uses the motif of keys—keys that unlock each student’s academic potential. Students review lessons in five academic areas: writing skills, social studies, science, literature, and mathematics. Practice quizzes and exam questions, along with the expert advice of the instructor, prepare the student for the test. Enrollment is generally on an open entry/open exit schedule.
